

**CEE\*QUEST 5% MANGANESE**

S5Mn70

**CEE\*QUEST Manganese ( S5Mn70 )** is a manganese chelate prepared from ENCEE's sugar acid based chelating systems. The manganese is water soluble. The product can be used as a source of manganese in agricultural and industrial applications. ***This product is biodegradable. This product is not stable in phosphate solutions.***

**PRODUCT DATA**

Manganese as Mn	5.00% 0.53 pound of manganese per gallon
Color	Dark Red
Specific Gravity	1.273 at 72°F
Density	10.60 lbs/gal
pH	6.5
Crystallization Point	Below 40°F
Solubility	Miscible with Water, Fluid Fertilizers, Alkaline nitrogen solutions
Compatibility	Solids might form in phosphate containing fertilizer solutions
Containers	Tank Cars, Tank Trucks, Drums
